

Our three Kindergartens have been hosting the BGC English Kindergarten program for ten years. With this access, so many children in the XIII. district have started their kindergarten education in one of the Hungarian-English bilingual groups. Moreover, children in bilingual groups can obtain their first English skills from native English speaking teachers. In recognition of our Programme, its innovative approach and its excellent professional work, the European Language Award was granted to BGC HUNGARY in 2014.

In bilingual groups, the child will not only be exposed to a foreign language but also have a more flexible, creative and natural form of association. In addition, the children can experience various Anglo Saxon cultures, making them more open to diversity.

The "one person – one language" educational model, used in the BGC English Kindergarten Program provides an opportunity for kindergarten sessions and daily activities to be conducted in two languages. The program is also based entirely on the Hungarian National Curriculum for Kindergarten Education.

Between 08:00-and 13:00, there is a native English lecturer in each bilingual kindergarten group. They communicate and interact with the children every day, in the presence and under the professional guidance of Hungarian kindergarten teachers.

The native speaker teacher takes part in games during free play, exploiting the potential of individual and small group language development. We aim to establish bilingualism, a love of foreign language, provide the basic vocabulary and speech panels used in daily kindergarten activities, and create the basis for language learning.

Application criteria:

- The child is a 13th district resident
- The child's speech development is age-appropriate
- The child shall be three years of age by 31 August 202.
- Child is a native Hungarian or English speaker. (The home language is Hungarian or English)

Parents undertake the fee for the Programme for 11 months, which is 3 x 178,000 (534,000 Ft/ yearly programme).

If they want to add siblings to a bilingual group, the service can be used at a discounted price. If they want to add siblings to a bilingual group, the service can be used at a discounted price.
Discounted price for 1 sibling per year of education: 510,000 Ft and 2 siblings HUF 486,000 Ft

If, after application and enrollment, the contract is not signed and the first installment of the annual cost is not settled, the child can start kindergarten in a regular Hungarian group of the Kindergarten concerned.
